“America 250” Celebration

Let's show America that we are one of the most patriotic cities. Our plan includes American flags flying from every residence and business. The Madeira Historical Society is selling American – made flags with embroidered stars for only \$39.00. In addition, the society will have six-foot, white aluminum flag poles and sturdy mounting brackets for sale if needed. The 3' x 5' American

made flags are constructed from sturdy nylon giving you years of use. The white flag poles swivel guaranteeing that your flag will always fly correctly. As a bonus, the society is having a commemorative banner created that can be attached to your flag pole flying with your flag reminding you forever of the “America 250” Celebration.

Thank You for helping the Madeira Historical Society show that our city is very patriotic.

Your Name _____

Your Email & Telephone Number _____
